

How To Add CUOnline+ To Your Smartphone

If you are a current user of the mobile app 'CU Anywhere' we recommend that you delete the App and add our new **CUOnline+** link to your home screen. (These tutorials are to be used as general guidelines, not all phones will have the exact same procedure).

CUOnline+ is not available to download on the App Store so we recommend that you add the link to your homepage for your own convenience.

How to add CUOnline+ to your iPhone

1. Go to <https://live.cuonline-ebanking.com/screens/login.aspx?cuid=36> (on your iPhone)
2. Touch the centre icon on the bottom row as seen below
3. Touch the 'Add to home screen' option as highlighted
4. Touch 'Add' and your new **CUOnline+** banking will be featured on your homepage

How to add CUOnline+ to your Android

1. Go to <https://live.cuonline-ebanking.com/screens/login.aspx?cuid=36> (on your Android phone)
2. Touch the 3 dots in the top right corner
3. Touch the 'Add to home screen' option as highlighted
4. Touch 'Add' and your new **CUOnline+** banking will be featured on your homepage
